

Chief Information Officer (CIO)

The Opportunity

We have a fantastic opportunity for an experienced CIO to join our Brisbane office on a permanent full time basis and lead the IT team.

Core duties and responsibilities of the role will include:

- Produce, maintaining, communicating and implementing the IT Strategy;
- Manage the provision of secure/stable ICT services to support business outcomes through effective risk management strategies;
- Identify and evaluate opportunities for business-led innovation and development to deliver ICT solutions that meet internal and external customer needs;
- Establish and maintain value-based stakeholder and strategic supplier relationships (including external) which meet business requirements;
- Selecting and implementing suitable technology to streamline internal operations and help optimise strategic benefit;
- Design and customise technological systems and platforms to improve customer experience, including the use of latest technologies embracing AI and/or Predictive Analysis;
- Oversee technological infrastructure (networks/computer systems) in the organisation to ensure optimal performance;
- Direct and organise IT-related projects;
- Monitor changes/advancements in IT to discover ways the company can gain competitive advantage;
- Analyse costs, value and risks of IT to advise management and suggest actions; and
- Ensure confidentiality, integrity and availability of group assets, information, data and IT services through clearly defined policies/standards.

Requirements

The successful candidate will possess the following:

- Relevant tertiary qualification(s) and 10+ years of experience in IT;
- Managed an IT budget c.\$2m;
- Contemporary knowledge of IT landscape + trends, modern enterprise architecture principles and software delivery frameworks;
- Ability to be the outward facing IT executive of the company;
- Outstanding written and oral communications;
- Results/goal oriented with the ability to exercise judgement, be solution focused and risk taking where needed;
- Extensive experience integrating cutting edge enterprise systems across business functions;
- Experience running mission critical 24/7 technical operations and distributed IT support & helpdesk functions;
- Lead projects from start to finish, working with internal/external teams, which help contribute to decisions;
- Creative, strategic and thoughtful "hands-on" leader with "can-do" leadership approach; and
- Sound understanding of agile methodology, AI and data analytics.

The Firm

McInnes Wilson Lawyers is one of the largest Queensland-based law firms, ranked among the top 100 privately-owned companies in the state.

Since the firm's establishment in 1975, we have grown to include 41 Principals and over 300 staff, with offices in Brisbane, Southport, Maroochydore, Melbourne and Adelaide and affiliated offices in Sydney and Canberra.

The firm consistently out-performs larger competitors on value, service and technical excellence across a broad range of specialised legal services including construction, commercial, insurance, property and personal services.

Rewards and Benefits

Along with annual performance and development reviews, the firm also offers a Live Well program including complimentary personal training and on-site massage.

A competitive salary package will be negotiated with the successful applicant commensurate with skills and experience.

Applications

Applications should include a current curriculum vitae and a detailed cover letter that outlines how the candidate requirements are met.

For further information please contact Human Resources on [\(07\) 3014 6502](tel:0730146502).

Applications close at 5.00pm on Wednesday, 26 June 2019.

PLEASE NOTE APPLICATIONS FROM RECRUITMENT AGENCIES WILL NOT BE ACCEPTED.
